## GREENWOOD RECREATION FIELD TO BE BUSY AGAIN

The Greenwood Recreation Field will be busy again this summer with six teams all set to start playing ball.

Little Leaguers will have their first practice Saturday morning, May 9, with Coach Rick Roy in charge.

The coaches of three other teams are asking all interested players to sign up this evening, Thursday, May 7, at 7:00 at the Recreation Field. Louise Chapman, Ann Roy, and Gloria Crockett are team coaches for girls ages 8 to 12. Girls ages 13 to 16 will be coached by Charlene Haines and Ruby Coolidge. There will also be registration this Thursday evening for a women's team coached by Nancy Willard.

Coach Dale Buck of the Greenwood team, and Herbert Dunham of the Rowe Hill team, have started practicing their teams for competition in the Men's Softball League. The two teams will play a scrimmage Sunday evening.

There is the hope that a seventh team will soon be organized for boys aged 13 to 16. The team needs a coach and the Recreation Board asks anyone who is interested to call Pauline Jordan at 875-3283.

With one more volunteer, young people ages eight to sixteen will be involved in a worthwhile summer program.

## CANOEIST NOT FOUND AFTER RIVER MISHAP ON SUNDAY

Game Wardens found a plastic bag containing food and some clothing Tuesday afternoon belonging to Leonard C. Moore of Bethel. Moore is missing and presumed drowned following a canoe accident Sunday near the mouth of Stony Brook and Bear River on the Androscoggin River.

Moore was canoeing with Larry Sweetser of Bethel when the craft overturned in rapids. Sweetser was able to reach shore and notify the County Sheriff's Department.

In the area for about a year, Mr. Moore has been employed by Daniels Construction Co., in Rumford, and is believed to be from Kansas.

## AREA HEALTH CENTER TELEPHONE SURVEY RESULTS

The Board of Trustees of the Bethel Area Health Center would like to thank all those who were involved in the recent telephone survey, both the volunteers who conducted the survey and the people who were called and responded to the questions.

The survey results were very encouraging to both the Board and staff of the Center. In response to a question regarding areas in which the Center should expand, the top priority was patient education, an area in which the staff of the Center is particularly interested. The prevention of disease through patient education makes much more sense and is more cost-efficient than only the treatment of disease once it has occurred. The Center has offered such programs as: smoking cessation; childbirth education; self-beast examination; and Instant Pediatrics and Healthwise programs continued on Page Five

## From the Bethel Town Office

Representatives from the Corp of Engineers will be in Bethel on Tuesday, May 12, in the afternoon to review flooding problems along the Androscoggin River. They will be specifically to review problems of erosion that affect public property and to look at the river's channels and their effect on ice jam situations. Anyone having information that might assist in this review should notify the Town Office, 824-2669. Following their field visit, the Corp will be identifying alternative actions available to help prevent future flooding problems.

The Board of Selectmen met in special session Wednesday evening, May 6, at the Town Office. After interviews with interested persons, Rick Whitney and Alberta Merrill were appointed as members of the Recreation Board; Gordon Gillies and Jane Barth were appointed to the Appeals Board, and William Cousins, Jack Brooks, Bradley Barker, and Avery Angvine were re-appointed to the Budget Committee.

The Board approved revised budgets for the Police Dept., Fire Dept. and Ambulance Service. These budgets were revised as a result of changes made during the budget process in March.

The Selectmen approved a warrant for a Special Town Meeting to be held Tuesday, May 19, at 7:30 p.m. in the Auditorium at Telstar Regional High School. Warrant articles will deal with the purchase of pagers and the renovation of space at the S. A. D. 44 bus garage for the Ambulance Service. A meeting of the Budget Committee will be held Wednesday evening, May 13, to review the warrant articles.

The Selectmen authorized the Manager to sign a lease with S. A. D. 44 for the Ambulance Service to use a section of the S. A. D. 44 bus garage to house the ambulance.

Well folks, I arrived home on Wednesday, April 29, after staying overnight with my daughter, Mrs. Walter Hamlin in South Waterford, who picked me up at the Portland Airport Tuesday evening. I had a good flight to Boston where I had to wait over two hours for the plane from Washington because of bad weather there. It didn't take us long to get to Portland once we were airborne. The Saturday before I came home, on April 25, my sister and I attended the outdoor play of Ramona at the Ramona Bowl in Hemet, Calif. This play which this year celebrates its 54th season, is a romance of early California. Its beautiful setting among the rolling hills (which are very rocky) in the colorful Hemet-San Jacinto Valley is steeped in tradition—for it was in this valley where some of the historical happenings of the play took place. Using the whole mountainside as a stage (really two mountainsides) the sad love story of Ramona and her Indian hero, Alessandro is staged by the people of the twin cities of Hemet and San Jacinto as a community non-profit enterprise more than 350 people are in the cast. All but two live and work in the valley. The two stars of the play are the only ones paid and are the only pro-

Professional ones in the play. Ramona is played by Karen Grant Thomas who was born and reared in England, coming here in 1974. She has been in the play for three years, the other times taking the part of flirtatious Margarita. Alessandra is played by Francesco Soriano who has had the part for 10 years. He is a talented operatic singer and actor, and has literally sung his way around the world. The play is more than just a beautiful love story; it is a saga of a people despoiled of their birthright—a sweep of history. The gifted pen of Helen Hunt Jackson brought the story to life more than a half century ago. The period of her novel centers around the 1850's, but the incidents took place around 1870. Mrs. Jackson was told the story by a friend of hers, Mrs. E. C. Jordan of Old San Jacinto, who had befriended the luckless Indian couple. On the left of the seats at the Ramona Bowl was a Spanish House where the events took place. This is built just below the high hill in back. It was very beautiful with all the lovely flowers along the porch where lots of the action took place. Several roads went by the house to indicate the various other places in the story. On the high hill opposite there was a cave where Ramona and Alessandro hid as well as the hut that they first lived in. During the play the many people who took the part of Indians were seen sneaking up to various rocks on the side and up on the top where they hid until it was time for them to appear. Then everywhere one could see them stand up, over all the top of the hill as well as all over the side. When the Americans came to take the land from the Spanish and Indians there was lots of shooting (with blanks, of course) and the men

had beautiful horses to ride. The first time they started to shoot was right near us and most of us jumped a little. At the end when Alessandra was shot by a white man, he was standing atop a big cliff. When he was shot, we were all electrified by his slide down over the cliff. I was so taken up with watching to see how he could make the fall that I forgot to take a picture of him doing it. He sure knew how to make the fall seem real and not get hurt himself. According to a booklet Alessandra is buried in the Cahulla Mountains in Anza which are just back of the new home of my niece and her husband in Anza. Ramona, I believe, was buried in Mexico where they went after Alessandra was killed. It was a beautiful play and well worth seeing. It is put on the last week end in April and the first two week ends in May. As most of the cast are volunteers they have to make a living at something else; which is why it is put on only three week ends. The book written by Helen Hunt Jackson is called Ramona and probably can be found in some libraries. When the outdoor play was first put on, the song "Ramona" couldn't be sung as it was copyrighted and could only be used by casts on the legitimate stage. Now it is recorded to be used as the introduction as well as at the end.

At the end when Alessandra was shot by a white man, he was standing atop a big cliff. When he was shot, we were all electrified by his slide down over the cliff. I was so taken up with watching to see how he could make the fall that I forgot to take a picture of him doing it. He sure knew how to make the fall seem real and not get hurt himself. According to a booklet Alessandra is buried in the Cahulla Mountains in Anza which are just back of the new home of my niece and her husband in Anza. Ramona, I believe, was buried in Mexico where they went after Alessandra was killed. It was a beautiful play and well worth seeing. It is put on the last week end in April and the first two week ends in May. As most of the cast are volunteers they have to make a living at something else; which is why it is put on only three week ends. The book written by Helen Hunt Jackson is called Ramona and probably can be found in some libraries. When the outdoor play was first put on, the song "Ramona" couldn't be sung as it was copyrighted and could only be used by casts on the legitimate stage. Now it is recorded to be used as the introduction as well as at the end.

## TELSTAR REBELS BEGIN TRACK SEASON

The boys' varsity track season at Telstar Regional High School is well underway with the completion of three meets—at Hebron on April 22, at Maranocook on the 28th, and at Fryeburg on May 2. During those meets the Rebels have defeated three other teams while being bettered by five opponents.

A number of individuals have already met or exceeded qualifying times and distances for regional competition. In the 100 yard dash Tim Kersey, Bruce Clements, Jody Shimamura, and Tim Akers have all bettered the 11.1 second qualifying time. In the 880 yard run Ron Savage and Eric Hastings have both surpassed two minutes 15 seconds. Rick Savage has qualified in the 330 yard intermediate hurdles with a personal best of 45.1 seconds.

In field events Eric Hastings is the only qualifier thus far by clearing 11 feet in the pole vault and 20 feet 7 3/4 inches in the long jump which ties the Telstar boys' record.

Another school record was broken at Maranocook as the 440 yard relay team of Tim Kersey, Jody Shimamura, Mike Otero and Bruce Clements turned in a time of 48.3 seconds.

The Rebels can be seen in action at home (Gould track) May 7 and at Oxford Hills, May 12, both meets starting at 3:30 p. m.

## C.A.D.E.T. NEWSLETTER

The C.A.D.E.T.s met last Wednesday evening to discuss plans for "Project Graduation". Project Graduation will be a community sponsored party for the seniors of Telstar. The main purpose of the party is to avoid any unfortunate mishaps on the night of graduation. It will give the seniors a centralized place to go and have a memorable evening. It will be a chemical free evening for those students who desire to attend. They are still in the process of discussing activities and locating a site for the party.

The activities suggested were a movie, a dance, and to finish off the activities, a breakfast the following morning. This party will be a great way for the seniors to spend time together after graduation.

Although community representation was small at this first meeting, it is hoped that more parents, senior, and concerned citizens will become involved. One can think of no better investment of time than with our youth. The next meeting will be Wednesday, May 13, in the Telstar Regional High School library at 7 p. m. Everyone is welcome to attend.

## Greenwood City

— Mrs. Colista Morgan, Corres. —

Early week when I opened my eyes, bright sunshine had touched the mountains beyond the pond. Birds proclaimed the day, and the air was alive with the tinkle of spring.

During breakfast we looked into the pond-mirror. The woody hillside reflected in the water. The sun shone in gleaming purity and the branches made a fragile tracery in the mirror.

Four wood ducks swam by the shore, loveliest of all waterfowl. The male glided along proudly, his crest distended, while his plumes flashed with metallic luster wherever the sun's rays sifted through to intercept his course. She, coyly retired, the daintily followed, exhibiting all his graces, the darker colors of his plumage relieved by the pure white markings of head and breast and the bright reds of feet, bill and large lustrous eyes.

What a picture they made, she clothed in modest hues and he glowing and resplendent! I wonder if he saw his beauty as he swam. He nodded and talked in tender tones, she leading, he pursuing. They disappeared into the shadow of the bank. Such a picture no one can adequately describe.

I looked for the loon that flew in, during the night. I heard his ribald yelling, as he took to the water then, again at times his voice came, sounding like the howl of a lone wolf wailing and sad. But now he had left for a larger lake or to ride the storm-waves of the Atlantic. I wish he had stayed.

The beautiful soft spring morning lingered and the sun clear in the blue heaven stayed put, but I didn't.

By afternoon I was ready to hike. So I set out down the road. The pond sparkled, as I passed, like a crystal cup of liquid, that was undisturbed.

A solitary robin perched on a poplar and sang to me. It shuffled its wings, sang again and flew to a higher branch from where it peered down as I passed.

This had been wildlife day so I turned toward Turtle Bridge hoping to see a turtle. I did! It slid into the brook at the left of the bridge and floated away down stream.

I walked slowly to observe things of interest; I was in no hurry. Time was of no consequence, as I became involved in my surroundings.

Beyond me were the spicy scents of pines and sun warmed earth. Part way up the hill ahead, where

the path turned, there was a clearing. In a short distance the sloping path led down to another pond. On the shores a few birches graced the edge of the still water, their reflections white and pencil slim. Beyond here the path led up a steep hill. But I turned back for today no one knew my plan of walking.

I passed again the little camp tucked against a hillside then went down hill slowly toward the bridge again. The painted turtle was waiting and seemed less afraid. As he slid beneath the water a soft ripple sped across the water.

It was a true spring day bestowed as a gift before May could come to sanction it. The trees still withheld their full treasure in nubs of green, waiting for the right combination of sun and rain to release their generous gifts of bloom.

In the sunshine which warmed the roadside, a bumble bee hummed and a butterfly flew by.

And so my day ended. The first friendly star high above the mountain looked in my kitchen window. Then they became smudged clusters of silver.

The pond rippled softly, then slept again, as peaceful as I did for the night.

Doris Hayes entertained Club Eight at her home on Tuesday afternoon. Fay Holt and Helen Chojnacki were unable to attend. Evelyn Tamminen received the prize.

On Wednesday, Diane Spires and two children came to visit their grandmother, Doris Hayes, and stayed for the remainder of the week. Her husband came on the week end and they returned to their home in Portsmouth, N. H. Other visitors were Verna Libby, Falmouth, and Lenora Waterhouse,

### NEWS FROM MRS. BOUCHARD'S NURSERY SCHOOL

On Monday, Mrs. Bouchard had a surprise birthday party. There was a beautiful cake and a special birthday card signed by all the children. Everyone helped to blow out the candles. It was a very special day!

The nursery school children made Mother's Day gifts this week and practiced songs for the Mother's Day Tea on Friday. They have also made more lotto board games, learned about different animal homes and identified alphabet letters. The art projects were butterflies, flower pot pictures, and spoon puppets. For snack time they made pudding, cinnamon toast and special Mother's Day Cookies.

Gabriel Perkins has told us about his new little sister. They had a visit from her and many of the children had a chance to see her and they talked about how little she is and what kinds of food she can have to eat. They wanted her to get bigger fast!

### CARD OF THANKS

Many thanks to Dr. Hazelton, Dr. Andalkar, and the nurses at Stephens Memorial Hospital for the care and concern for Pauline Mills during her surgery.

## NO-HITTER HIGHLIGHTS

## BASEBALL WEEK

The Telstar Rebel baseball team began the week in fine fashion as righthanders Rex Croteau and Jeff Morgan combined efforts to hurl a no-hitter in a 5-0 Rebel victory over Buckfield. The win which raised the Rebel record to 4-3 also gave Telstar a first place position in the Western Maine Class C Independent League. Other teams in the league are Fryeburg, St. Doms and NYA. The win was keyed by Greg Cushman, who had two hits, and David Whitman, who chipped in with a two run single in the fourth inning.

On Saturday, the Rebels continued their winning ways with a 9-2 thrashing of Fryeburg. Again Jeff Morgan and Rex Croteau combined

NORTHERN LIGHTS SINGERS HAVE SUCCESSFUL AFFAIR

A most successful and well attended benefit auction, supper and musical entertainment sponsored by the Northern Lights Singers, was held last Sunday afternoon and evening at the Bryant Pond Grange Hall.

Auctioneer Elden Hathaway moved the surprisingly large inventory of items briskly, all the while interjecting the whimsical comments for which he is noted. The numerous gift certificates donated by local businesses in the Bethel, Locke Mills, Woodstock, Norway, South Paris and Rumford area proved very popular with the bidders and contributed greatly to the success of the "old fashioned auction". As the auction wound down, supper-goers began arriving and a capacity crowd enjoyed a tasty "country kitchen supper."

The entertainment portion of the evening under the able direction of Master of Ceremonies Eldon Bartlett, opened with sing-a-long selections by the "Rill-Hill-Billy Band" made up of Ernestine Riley on piano, Richard Felt on harmonica, Bill Riley on accordion, and featuring Elden Hathaway on drums.

Carmen Bartlett and Linda Stowell, with Patti Harlow on piano then offered several enjoyable duets and Darla Martin continued the program with a well received piano solo entitled, "Ragtime Medley."

Den Corrin accompanying himself on guitar sang an original folk tune and was later joined by daughter Tanya on flute for a pleasurable instrumental duet.

Stan Martin and son, Greg, teamed up on a side-splitting comedy presentation of the well known recitation "Casey at the Bat".

Gary Fuller on guitar and later joined by Marie Bartlett, also on guitar, pleased the audience with a combination of original, and well known folk tunes.

The Northern Lights Singers, under the direction of Linda Stowell and accompanied by Patti Harlow then delighted those present with three of their Christian songs from this year's concert.

Erlon Hadley, with flawless technique on his 120 bass accordion, impressed the audience with several renditions, especially "Lady of Spain" after which Pam Benson and Patti Harlow with Pam playing guitar sang several songs in a most skillful and harmonious manner.

The finale featured the entire vocal and instrumental ensemble including the audience in a most stirring rendition of "Grand Old Flag", "Yankee Doodle", and "God Bless America".

Stan Martin, general director of Northern Lights Singers, and Ernestine Riley, overseer of the affair, sincerely thank all those who contributed in any way to the success of the auction, supper and program.

ed on a variety of items. The Board met with John Gray, president of the Bethel Taxpayer's Association and discussed the Board's methods of valuing mobile homes and the Association's concerns over future property revaluations. The Board voted to grant permission for appeals to the County Commissioners by taxpayers who fail to file a declaration and voted to tax all licensed boats as is required.

The Board, for several meetings, has been discussing the possibility of factoring to bring the property valuations closer to 100%, and voted to apply a factor of 1.25, to all private and commercial buildings for the year 1981. In other action, the Board scheduled meetings to further work on the 1981 assessment and to review, after further study, the present method of valuing mobile homes. The next regular meeting of the Board will be on June 1.

TELEPHONE SURVEY RESULTS continued from Page One

—both self-care health courses aimed at parents and adults. In addition, a hypertension education program is now being offered to patients of the Center who have high blood pressure. With the enthusiastic support of health education programs by the survey respondents, Center staff will continue to offer these programs, improving upon them and continually seeking new methods of meeting the health needs of the Bethel community.

The second area of importance for expansion identified by the survey respondents was X-ray services. This is vital information to the Center Board of Trustees as it considers alternatives for facility renovation / expansion. Counseling for substance abuse and emotional problems along with programs for pregnant teenagers and women also ranked high in importance to those who participated in the survey.

Especially gratifying to both the Board and staff of the Center was the 86% of those surveyed who were satisfied with the care they received at the Center. There were 11% who were not satisfied and 3% who were unsure. The honesty of those respondents who were unhappy with the Center is appreciated and it is hoped, through their feedback, to improve the services. The Center is committed to the philosophy of a community health center and will continue to respond to its needs as they are identified. The telephone survey provides the opportunity to learn areas of both success and failure. The Center staff would like to have this be an on-going opportunity; therefore they have placed a suggestion box in the waiting room and urge those people who use the Center to take advantage of this opportunity to express their concerns. One of the responsibilities of the Center's Coordinator, Shirley Powell, is to act as a liaison between the patient and the Center Staff. You are urged to contact her with any problems or questions you may have.

The survey also gave the Center staff an idea of those services of which the general population is unaware. In response, a series of articles in the paper will highlight services and personnel in an attempt to keep the community well informed. In addition, the Center has developed a slide presentation and, in cooperation with the community education committee, would be happy to meet with small groups to explain the Center's services, its organizational structure and its personnel. Again, feel free to contact Mrs. Powell or Mary Ann O'Connor, chairperson of the community education committee, for further information.

addition, the group is planning a  
full completion that day of a tire  
Alpine walk, a balance beam, and  
a suspension bridge. All parents  
and friends are invited to help—no

Eveline Barrett, Corres.

Sunday was just a beautiful day. Frank, George and I rode up to Andover and people were out raking, hiking, bicycling and I thing everyone with a motorcycle must have got them out. We are going to be having more motorcycles on the road as the gas mileage is wonderful. Also had people out horseback riding, at least on this road, and, then the cheapest transportation of all is walking. Saturday morning wasn't too bad but cold. Gerry Shimamura, Ruth Butters and I went to a couple of yard sales. Around noon it poured and others said it hailed; then in the afternoon, it cleared and was quite pleasant. Monday morning I knew it had gotten colder as George had to take quite a while to clean off his windshield. I called up a friend (they write each day on the calendar the temperature when her husband goes to work) and she said that it was 28°.

Mr. and Mrs. Dean Murphy and two girls of Sebago came Saturday to visit his parents, Mr. and Mrs. Frank Murphy, and left Sunday.

One of the Bills' goats had twins—a male and a female.

Mr. and Mrs. Daniel Hannan and two girls went to the sports events in Fryeburg Saturday. Telstar participated in the events.

Mr. and Mrs. Homer Smith and Andy had for Sunday dinner, Bruce and Matthew, South Paris, and Doug Smith and DeeDee Grenier of Bethel.

Mr. and Mrs. Jim Taylor and Kathy Chapman of Florida spent the week end at Mr. and Mrs. Frank Chapman's. The above mentioned and Mr. and Mrs. Howard Chapman and Mary Ellen went to Town and Country, Gorham, N. H., Saturday evening. Nick Chapman stayed with Angie Wheeler in Newry.

Mr. and Mrs. Lester Butters, Marion Rodgerson, Lovell, and Olive Blaisdell, Somerville, Mass., had dinner Wednesday at Northlands, Berlin, N. H.

Friday, Pete Lombard, Stoneham, called on his great-niece, Judy Coolidge, and great-great-nieces, Sarah, Jessica and Vicky. Saturday afternoon, Leslie Lapham, went to Andover to visit Mr. and Mrs. William Helm. Sunday, Mr. and Mrs. Leslie Lapham had as visitors Mr. and Mrs. Jesse Doyen, Bethel, and Jessie Gilmour and Jean Barrington of Rumford.

Friday and Saturday evening the Steve Anderson family went horn-pouting.

Mr. and Mrs. Davis Kimball and girls had Wednesday supper at her folks, Mr. and Mrs. Frank Benson's. Sunday, Mr. and Mrs. Frank Benson went to South Waterford for Children's Sunday. Their granddaughters, Anita and Chantel Kimball were in the program. Frank and Sylvia stayed at their daughter's and husband, Mr. and Mrs. Davis Kimball for dinner. Saturday evening Steve Carter and friend were callers at Mr. and Mrs. Frank Benson's.

Mr. and Mrs. Tom Gibbs and girls had Sunday dinner with his parents, Mr. and Mrs. Guy Gibbs. Tommy and Danny Gibbs left Monday for Attleboro, Mass., to attend the funeral of their uncle, Allan Turner.

Mr. and Mrs. Ernest Angevine and Mr. and Mrs. Avery Angevine went to Berlin, N. H., Saturday evening to visit Mr. and Mrs. Carl Holt and family.

Ira wrote and said that he is in Japan and it is very cold. He would like to get a letter and his address is: L/Cpl. Ira A. Gibson 005-46-5111, VMA (AW)-121 MAG-12 1 MAW, FPO San Francisco, Calif. 96602.

Mr. and Mrs. Bill Shimamura

Smelting has held sway the past week and I even dared to go, and I got my two quarts. Of course, the Game Warden was out looking for old ladies like me, but he didn't turn my boots upside down looking for extra smelts because I had them on. My first time out and I had to produce my license. But he was only doing his duty and he was friendly and polite. Our 83 year old friend, Edward Kroot of Bridgton was with us and he had his license, haidy, but it runs out soon.

Peggy Wood, daughter of Mrs. George Yeaton, was hit by a car as she came out of North Paris Store. Robin Zinchuk cared for her until the ambulance arrived. X-rays showed her leg was broken in two places and her face was cut and several abrasions. She was a lucky girl. So ends her school days for this term.

Joe Vatcher and Eveline Barrett called on his mother at the nursing home in Danvers, Mass., then went on to the Aleppo Shriners' Circus at Wilmington, Mass. Joe bought the tickets in January so we had a good seat. It was amusing to see all the school children arrive by chartered buses, school-buses, vans, trucks, and whatever, and each child was given a drink, hot dog and pop corn and they sure were happy. The tulip trees, tulips and many other flowers were in bloom and they were beautiful. More advanced than ours so it must be warmer in Massachusetts.

Harlan Abbott was in Portland May 3 to attended a school pertaining to fighting fire. Another man went with him.

Edward Kroot visited at Joe Vatcher's Thursday and spent the night there after going smelting. Does he like smelts?

Doris Lawrence had an asthma spell for the week end and went to the doctor at Lewiston, Monday.

The Tuell Town 4-H Club had a flea market at the Community Hall, Saturday, May 2. I didn't hear how they made out.

Callers at Lawrence's, Mr. and Mrs. Carroll Records, Mr. and Mrs. Herman Card, Marie Herick, Carl Cash, Eveline Barrett and Joe Vatcher with a nice treat of smelts.

and Justin of Norway visited his parents, Mr. and Mrs. Joe Shimamura.

Mr. and Mrs. Joe Shimamura went to the track meet Saturday afternoon at Fryeburg. Jody was one of the participants.

No Word Has Failed  
Seedtime and harvest cold and heat,  
As long as the earth remains;  
Seedtime and harvest, sun and wind,  
And the warm sweet summer rains.  
Over and over since time began  
We've proved Thy faithfulness to man.  
Lord help us to thank Thee as we should  
For this, Thy constant care;  
For the good wheat for our daily bread;  
For the outdoor pure clean air;  
For the fruits of garden, field and tree  
That tell anew Thy constancy.  
Back of all these we see Thy hand  
Opened to every need.  
We see Thy might and mercy,  
Lord,  
In each small jewelled seed;  
May we walk with singing hearts  
Through all Thy glowing, golden days.

## HIKING TRAILS CLOSED BY FOREST SERVICE

The big wind of Dec. 3, 1980, which blew down large acreages of timber in New Hampshire and Maine has resulted in the Forest Service closing six trails and issuing safety warnings for 13 others on the White Mountain National Forest. The closures are located in Chatham, N. H.; Stow and Stoneham, Maine, and Evans Notch areas.

The following hiking trails are completely closed due to the large number of trees covering the trails and logging operations going on to clear the debris: Albany Mountain, Albany Notch, Bradley Brook, Mountain Pond, Province Brook (north 1/2), Conant.

Hazards exist on the following trails due to numerous trees down across the trail and salvage logging operations adjacent to the trail: Albany Brook, Bickford Brook, Cold River, Big Deer Hill, Deer Hill, Spring, Horseshoe Pond, Stiles Grave Site, Blueberry Ridge, Great Brook, Laughing Lion, Spruce Hill, White Cairn.

Mark Boche, District Ranger on the Evans Notch Ranger District, explained what is being done to open the trails for hikers. "Close and warning signs are being posted at each trail head where we have blowdown problems. We will begin to remove blowdown trees and clean up the trails with our crews beginning in late April. Some trails may remain closed for the entire summer."

Opening of the trails will include work crews from the Chatham Trails Assn., the Appalachian Mountain Club, and the Forest Service.

For current information on the status of trails, call the Bethel Ranger Station at 207/824-2134 or Forest Headquarters at 603/524-6450.

## NOTES FROM Evans Notch

White Mountain National Forest

Salvage efforts from the December 1980 windstorm are continuing on the District, with the marking crews nearly finished cruising areas of known blowdown. There are currently 25 timber sales active on the District, with an estimated 30-35 to be operational by July 1, 1981. We caution Forest visitors to be extra careful while driving on Forest Service roads as many are narrow and will not accommodate a logging truck and a passenger car at the same time.

On Saturday, May 16, Cub Scouts from Pack #566 in Bethel will be planting 200 trees to control erosion along the Little Lary Brook near Hastings Campground. The group will be led by Don Feeney and will complete a bank stabilization project started by the Youth Conservation Corps last summer.

Volunteers such as the Cub Scouts provide a valuable service to the Forest Service and to the people of this country. Within the last year a number of volunteers have contributed their time to serve as Campground Hosts, draw sketches and paintings for recreation publication, and do reconnaissance work on trails damaged by the December windstorms. Opportunities for volunteer work are available in the areas of Campground Hosts, trail maintenance, timber stand improvement, and wildlife habitat improvement. Further information may be obtained by contacting the District Ranger.

On April 27, District employees participated in a Soil and Water Awareness training session led by the Forest Soil Scientist and Forest Hydrologist. The ability to recognize potential and existing resource problems is a key ingredient for protecting our valuable soil and water resources.

The majority of District personnel are again working four ten-hour days to reduce gasoline consumption and miles driven. Last year, this measure enabled us to reduce our miles driven by 21%.

We wish to remind people who are interested in gathering firewood on the National Forest that a permit is required to do so. These permits are issued free, and allow an individual up to two cords of dead and down material for home use. Questions about Free Use Permits and areas open to the gathering of firewood may be obtained at the District Office.

## Conservation: Keeping America's NEIGHBORHOODS Together

National Trust for Historic Preservation

Historic Preservation Week to be observed here

National Historic Preservation Week is co-sponsored each year by the National Trust for Historic Preservation with local preservation organizations across the country. This year, the national observance is also supported by the New York Life Insurance Foundation and the theme is Conservation: Keeping America's Neighborhoods Together. The week of May 10-16 has been designated for this observance which is a time for all Americans to become aware of the preservation movement and its valuable contributions to the quality of life in this nation.

The National Trust for Historic Preservation is a private, non-profit membership organization which since 1973, affiliated with local groups, has sponsored this week to focus public attention upon the benefits derived from conserving our nation's cultural resources. Through preservation, people across the country have restored vitality to communities that others were willing to write off. The Bethel Historical Society, dedicated to preserving and interpreting the local past is joining the

week and will focus its attention on the town's architectural heritage at its monthly meeting Thursday, May 7 at 7:30 p. m. Following a short business meeting, George Allen of the Oxford County Historic Resource Survey will present a slide lecture and discuss particular structures in the community. Anyone interested is cordially invited to attend and refreshments will follow the program.
